

High Precision Fiber Cleaver

- One-step Operation
- Magnetic Fiber Holder
- Off-cut Bin
- Maintenance Free

DESCRIPTION

The INNO Instrument V1 Handheld Fiber Cleaver is a compact, efficient tool designed for simplicity and ease of use. It features a durable, handheld design that enhances fiber visibility and ensures precise cleaving. Compatible with all standard single fibers, the V1 is ideal for a variety of applications. Its drop-proof construction and maintenance-free operation make it a reliable choice for field use. The V1 cleaver is a straightforward, single-action solution for fiber cleaving, offering practicality and convenience in a portable format.
